

Ever since Johnson & Johnson introduced ACUVUE® to Canadians, people from all walks of life have been enjoying the benefits of this exciting breakthrough in contact lens wear.

Quality Eye Care

Problems can sometimes result from long-term build-up of deposits. With ACUVUE you are regularly using a fresh new sterile pair of lenses.

"I had suffered from on-going minor problems because of protein build-up. Now with ACUVUE, I just replace my lenses every week and my problems are gone."

Nirca, Vancouver

Convenience

ACUVUE fits into your lifestyle with a minimum of hassles.

"I spend a lot of time travelling with my job and convenience is a must. With ACUVUE, I don't need to carry all the cleaning solutions and storage containers, or spend time on a complicated maintenance regimen."

Project Manager, Montreal

Comfort

Three out of four wearers rate ACUVUE the most comfortable lens they've ever worn.*

"I tried almost every type of lens but experienced discomfort. My doctor suggested ACUVUE and I can't believe the difference ... my eyes feel better and my vision has improved."

Receptionist, Vancouver

Affordability

No need to purchase cleaning supplies, lens insurance and lens replacements.

"With ACUVUE, I don't have to bother with expensive solutions, insurance, or the inconvenience and expense of replacing lost or torn lenses. They give me great value for my money."

Sales Representative, Toronto
