

Versatility

ACUVUE can be worn on an overnight, daily or flexible wear basis.**

"ACUVUE is as versatile as I am. I normally use them on a daily-wear schedule, but if I want to wear them overnight, my doctor says it's no problem."

Hardware Store Manager, Edmondson

Outstanding Vision

Visual acuity rated comparable to eye-glasses.*

"Patients wearing ACUVUE have achieved excellent visual results. In my experience, the consistency in lens performance has been virtually 100% – even with constant replacement of the lens."

Ophthalmologist, Halifax

- * Independent survey data on file, Visionix.
- ** Wear schedule to be determined by your Eye Care Professional.

Don't miss your opportunity to see the ACUVUE difference for yourself. Talk to your eye care professional and find out if ACUVUE is right for you.
